

The Original SolarMeter

F-440LHB

F-450LHB

Blue-White manufactures a full line of Top Quality flowmeters designed for use in Solar Applications.

Blue-White's Superior line of SolarMeters assist in fine tuning Solar Systems to ensure optimum water or transfer fluid contact time through Solar Panels. Without the use of SolarMeters, energy loss might well exceed 50%. In addition, SolarMeters are excellent troubleshooting devices. They can warn of blockage in the system or possible malfunctions in the circulating pump.

Benefits Include:

- ◆ Heat Resistant Polysulfone Meter Bodies
- ◆ Tough Brass Sweat or, Brass Threaded Adapters
- ◆ Sturdy, Half Union Nuts Couple the Meter Body to Adapters
- ◆ Low Pressure Drop
- ◆ Drain back feature
- ◆ Permanent, easy to read scales
- ◆ Simple to install, low maintenance
