

To Whom It May Concern:

In regards to the European ROHS directive for materials supplied, Röchling Sustaplast can provide the following information:

Röchling Sustaplast does not intentionally add any Lead, Mercury, Cadmium, Hexavalent Chromium, Polybrominated Biphenyls, Asbestos, Radioactive Luminous Material or Polybrominated Diphenyl Ethers to any of the raw material that they process.

Trace amounts of heavy metals may be present, however, within threshold limits.

Therefore, the subject materials comply with European ROHS Directive 2002/95/EC.

If you have any questions, please feel free to contact me.

Sincerely,

Timothy P. Fitzpatrick
