

## HUDSON EXTRUSIONS, INC.

P.O. BOX 255 HUDSON, OHIO 44236 Since 1956

QUALITY PROFILES & TUBING AT COMPETITIVE PRICES

SUBJECT: EU RoHS directive 2011/65/EU and related amendments including Deca-statement

To whom it may concern;

Hudson Extrusions, Inc. has contacted our raw material vendors regarding the EU Restrictions on Hazardous Substances. We have received responses from our vendors certifying that: The raw materials LLDPE, MDPE, HDPE, Nylon 11, Nylon 12, Nylon 6, Nylon 6 Clear, Nylon 6/6, Ester Polyurethane, Ether Polyurethane, Santoprene, Flexible PVC, 95A Filled Vinyl, Rigid PVC, Rigid PVC Clear, EVA, ABS and Polypropylene purchased by Hudson Extrusions, Inc. meet the requirements that are stated within the European Union's Restrictions on Hazardous Substances (RoHS). These substances include: lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PPB's) and polybrominated diphenyl ethers (PBDE's). The above substances are also not used by Hudson Extrusions, Inc. in the manufacturing process.

This letter is valid for the period January 1, 2018 through December 31, 2018.

If you have any questions, or require further information, please contact me.

Regards,

Keith Kramer  
Plant Manager
