

Statement of Conflict Materials

November 3, 2017

Taconic recognizes our obligation to ensure that our products are manufactured using raw materials that have been responsibly manufactured by our suppliers. Taconic takes seriously concerns that profits from mining materials in conflict regions including and surrounding the Democratic Republic of the Congo may be funding human rights atrocities in the Eastern Region of the Democratic Republic of the Congo (DRC).

Taconic's products are manufactured in compliance with the U.S. regulations concerning raw materials from global conflict regions.

We understand this is an important concern worldwide and we will continue to work with our suppliers, industry trade groups and regulators to verify that our raw material suppliers use "conflict-free" materials.

Thank you for the opportunity to earn your business.

A handwritten signature in blue ink that reads "TJ Kosto".

Timothy Kosto
